Secondly, David Baum, in the past nine months, showed himself to be a friend of Carbondale City Hall by single-handedly making Carbondale City Hall and the Committee to Restore Carbondale City Hall into page one news for the over 5,000 readers of THE CARBONDALE NEWS. Week after week, from September 1981 up the May 26, 1982, Carbondale City Hall and the historical preservation movement in Carbondale were the news of the day. Slowly but surely, as article after article appeared on page one of THE CARBONDALE NEWS, it was instilled in the local consciousness that Carbondale City Hall is not only an historically important building but also a building that can and should be restored. That the Committee was able to so quickly raise the funds necessary to repair the tower clock of Carbondale City Hall is due, in a large measure, to the crusading zeal of David Baum, Editor.

David Baum, thirdly, in the past nine months, demonstrated that he is a friend of Carbondale City Hall by rolling up his sleeves and, together with other members of the Committee, shoveled and hammered and carried and sweated in the actual cleaning and restoration of Carbondale City Hall. David Baum, be it known, is one of the "regulars" on the Committee's City Hall work crew.

The Committee to Restore Carbondale City Hall, which, as we have said, was formed in November 1981, has accomplished tangible results in the following five areas in the past nine months:

BUILDING REPAIRS.

(1) The tower clock of Carbondale City Hall has been repaired; (2) New electrical wiring has been installed to the sixth level of the clock tower of Carbondale City Hall; (3) New floor boards have been installed around the
